A practical and user-friendly guide to the collision regulations, with full interpretations of the rules and clear diagrams. Written in legal text rather than easy to understand terminology, it is not a surprise that the Colregs are subject to gross misunderstanding and confusion. This makes this a difficult area for the thousands of mariners who need to learn, understand and remember them. This handbook is the answer. Expert marine training director Simon Jinks provides straightforward explanations of the complex situations that the Regulations discuss. He gives simple and comprehensive interpretation of the ColRegs rule by rule, giving students and professionals the clarity they need for exam prep and dealing with real-life situations. Colour illustrations of all lights and shapes, and clear diagrams provide additional support for students. The handbook also includes chapters on bridge watch-keeping, radar plotting and techniques for answering ColRegs questions in MCA exam conditions. It shows you where other maritime regulations work hand-in-hand with ColRegs. Simon Jinks is an experienced teacher of ColRegs to students who are studying for MCA Masters, OOW, Boat master and Chief Mates exams, plus those who are studying for RYA Yachtmasters and IYT Master of Yacht Qualifications and want to have an in-depth knowledge.
