The phenomenon of Spike Lee continues with this revealing and engaging look at his outstanding career, his creative process, and the screenplay for his dynamic movie *Do The Right Thing*. Spike Lee burst full formed into the screen world with his award-winning, commercially successful independent film *She's Gotta Have It*. In the few short years following this stellar debut he has established himself as a force to be reckoned with in the film industry and in American popular culture. This book reveals Spike Lee as a Hollywood iconoclast and gifted visionary and takes us through the dramatic sequence of events that brought the movie *Do The Right Thing* to fruition. It is a testimonial to his developing genius, written in the stingingly funny and informed language of Spike Lee. Meet identical twin sisters, Ebony and Ivory. Although the sisters' keen likeness is undeniable, the pair is as different as night is from day. Ebony, known as the malicious scornful twin, will stop at nothing to have her way. While Ivory, known for her naivety sits in wake to her sisters deceitfulness. What happens when secrets that were meant to be buried in the grave begin to arise? Manipulative. Ratchet. Trifling. These twins will surely take you on a gritty ride. Jealousy. Deception. Betrayal. Murder. Sibling rivalry was never this juicy! In the typical case of good twin vs. bad twin, who will come out on top? Fans of Princess Posey and Ivy and Bean will enjoy engaging with science-loving Jada Jones in this easy-to-read chapter book. When Jada Jones's best friend moves away, school feels like the last place she wants to be. She'd much rather wander outside looking for cool rocks to add to her collection, since finding rocks is much easier than finding friends. So when Jada's teacher announces a class project on rocks and minerals, Jada finally feels like she's in her element. The only problem: one of her teammates doesn't seem to like any of Jada's ideas. She doesn't seem to like Jada all that much, either. Can Jada figure out a way to make a winning science project and a new friend? The early chapter book bridges between leveled readers and chapter books for fluent readers adjusting to the chapter book format. At about 5,000 words, with short chapters and two-color art on almost every page, it will appeal to this unique reader. Thanks to his longtime lover, NBA star Dray Jones, he has a gorgeous townhouse in New Orleans, plenty of frequent-flier miles, and an MBA he's never had to use. Built on a deep and abiding love, their hidden relationship sustains them both. But when Dray's teammates begin to ask insinuating questions, Dray puts their doubts to rest by marrying Judi, a beautiful and ambitious woman. Judi knows nothing about Dray's "other life." Or does she? In *Basketball Jones*, E. Lynn Harris explores the consequences of loving someone who is desperate to conform. Filled with nonstop twists and turns, it will keep readers riveted from the first page to the last. 'This story is the result of long hours of delving into the pasts of my nanny and my ma. I hope it will give some insight into the experiences of one family of colour in Ireland today. Most of all, I just want to start a conversation, because once people come together to talk, the possibilities are endless.' Jade Jordan Jade Jordan's grandmother, Kathleen, left Ireland for England in the late 1950s to train as a nurse. While there, she fell in love and married a Jamaican man. They had two sons and a daughter, Dominique, and settled in London's diverse Walthamstow. But when Kathleen decided to return home to Dublin, she discovered that the colour of her children's skin set them apart - and that their new lives would be very different to the ones they had known. Here, in this honest, warm-hearted and often humorous multi-generational memoir, Kathleen, Dominique and her daughter Jade each tell their story. From Kathleen's determination to raise her children with love and security in inner-city Dublin, to Dominique's struggle to figure out how she fit in as a young Black teenager, to Jade's own experiences as a Black woman growing up in twenty-first-century Ireland, *Nanny, Ma & Me* is a story about race in a country of contradictions. At its heart lies a tale of the power of community, love and three women for whom family is everything. Jade Snow Wong's autobiography portrays her coming-of-age in San Francisco's Chinatown, offering a rich depiction of her immigrant family and her strict upbringing, as well as her rebellion against family and societal expectations for a Chinese woman. Originally published in 1950, *Fifth Chinese Daughter* was one of the most widely read works by an Asian American author in the twentieth century. The US State Department even sent its charismatic young author on a four-month speaking tour throughout Asia. Cited as an influence by prominent Chinese American writers such as Amy Tan and Maxine Hong Kingston, *Fifth Chinese Daughter* is a foundational work in Asian American literature. It was written at a time when few portraits of Asian American life were available, and no similar works were as popular and broadly appealing. This new edition includes the original illustrations by Kathryn Uhl and features an introduction by Leslie Bow, who critically examines the changing reception and enduring legacy of the book and offers insight into Wong's life as an artist and an ambassador of Chinese American culture. When seventeen-year-old

Jade's fiancé murders a naiad, tensions surge between the mer and the naiads. Jade learns too late that the choices she makes ripple further than she'd ever imagined. And as she fights against the tide of anger, she discovers danger lurking in every canal, imperiling her family and shattering the ocean's fragile peace. Annotation copyrighted by Book News, Inc., Portland, OR Where there is love...there is also hate, jealousy, and resentment in the case of long time friends Dre, Nikki, and Hassan. A carefully planned home invasion was meant to go smoothly...but an unforeseen turn of events ultimately leads to betrayal and blood shed. Nothing is what it seems and no one can be trusted when it comes to the love of money! Loyalty seems nonexistent and backstabbing causes terrible consequences. Twice the drama, action, and betrayal, Still Schemin gives new meaning to the phrase "Keep your friends close, and your enemies closer". Winner of the inaugural Novel Prize, an elegant and subtle exploration of the mysteries of our relationships to others A mother and daughter travel from abroad to meet in Tokyo: they walk along the canals through the autumn evenings, escape the typhoon rains, share meals in small cafes and restaurants, and visit galleries to see some of the city's most radical modern art. All the while, they talk: about the weather, horoscopes, clothes, and objects, about family, distance, and memory. But uncertainties abound. Who is really speaking here—is it only the daughter? And what is the real reason behind this elliptical, perhaps even spectral journey? At once a careful reckoning and an elegy, Cold Enough for Snow questions whether any of us speak a common language, which dimensions can contain love, and what claim we have to truly know another's inner world. Selected from more than 1,500 entries, Cold Enough for Snow won the Novel Prize, a new, biennial award offered by New Directions, Fitzcarraldo Editions (UK), and Giramondo (Australia), for any novel written in English that explores and expands the possibilities of the form. THE SUNDAY TIMES BESTSELLER You have a baby! Isn't it amazing - and also pretty terrifying?! I love being a Spice Girl, but what I am proudest of is being a mum. Even though I had all the real-life girl power of the actual Spice Girls on speed-dial, my incredible partner and my mum, I had so many worries and questions I couldn't always ask out loud. What I really, really wanted was one, easy-to-read, honest book that would give me support without judgement - that might even make me chuckle occasionally. So, I've written it for you! I've included all my stories about what that precious, exhausting first year was like for me, and I've also asked some brilliant experts for their help too, including a paediatric sleep consultant, a trusted NCT counsellor, a mindfulness coach, and no-less than five amazing midwives and doulas. I want you to feel like you've got this. Because guess what mama? You have! In modern Britain, the working class has become

an object of fear and ridicule. From Little Britain's Vicky Pollard to the demonization of Jade Goody, media and politicians alike dismiss as feckless, criminalized and ignorant a vast, underprivileged swathe of society whose members have become stereotyped by one, hate-filled word: chavs. In this acclaimed investigation, Owen Jones explores how the working class has gone from "salt of the earth" to "scum of the earth." Exposing the ignorance and prejudice at the heart of the chav caricature, he portrays a far more complex reality. The chav stereotype, he argues, is used by governments as a convenient figleaf to avoid genuine engagement with social and economic problems and to justify widening inequality. Based on a wealth of original research, *Chavs* is a damning indictment of the media and political establishment and an illuminating, disturbing portrait of inequality and class hatred in modern Britain. This updated edition includes a new chapter exploring the causes and consequences of the UK riots in the summer of 2011. Winner of the Best Book of 2009, Jazz Division, sponsored by AllAboutJazz-New York, 2009. Selected for "The Best of the Best" from University Presses, ALA Conference, 2010. Winner of the 2010 Association for Recorded Sound Collections Award for Excellence in Historical Recorded Sound Research in Jazz, 2010. *Jade Visions* is the first biography of one of the twentieth century's most influential jazz musicians, bassist Scott LaFaro. Best known for his landmark recordings with Bill Evans, LaFaro played bass a mere seven years before his life and career were tragically cut short by an automobile accident when he was only 25 years old. Told by his sister, this book uniquely combines family history with insight into LaFaro's music by well-known jazz experts and musicians Gene Lees, Don Thompson, Jeff Campbell, Phil Palombi, Chuck Ralston, Barrie Kolstein, and Robert Wooley. Those interested in Bill Evans, the history of jazz, and the lives of working musicians of the time will appreciate this exploration of LaFaro's life and music as well as the feeling they've been invited into the family circle as an intimate.

Winner of the Bram Stoker Award for Best Novel In her quickly gentrifying rural lake town Jade sees recent events only her encyclopedic knowledge of horror films could have prepared her for in this latest chilling novel that "will give you nightmares. The good kind, of course" (BuzzFeed) from the Jordan Peele of horror literature, Stephen Graham Jones. "Some girls just don't know how to die..." Shirley Jackson meets Friday the 13th in *My Heart Is a Chainsaw*, written by the New York Times bestselling author of *The Only Good Indians* Stephen Graham Jones, called "a literary master" by National Book Award winner Tananarive Due and "one of our most talented living writers" by Tommy Orange. Alma Katsu calls *My Heart Is a Chainsaw* "a homage to slasher films that also manages to defy and transcend genre." On the surface is a story of murder in small-town America. But beneath is its beating heart: a biting critique of American colonialism, Indigenous displacement, and gentrification, and a heartbreaking portrait of a broken young girl who uses horror movies to

cope with the horror of her own life. Jade Daniels is an angry, half-Indian outcast with an abusive father, an absent mother, and an entire town that wants nothing to do with her. She lives in her own world, a world in which protection comes from an unusual source: horror movies...especially the ones where a masked killer seeks revenge on a world that wronged them. And Jade narrates the quirky history of Proofrock as if it is one of those movies. But when blood actually starts to spill into the waters of Indian Lake, she pulls us into her dizzying, encyclopedic mind of blood and masked murderers, and predicts exactly how the plot will unfold. Yet, even as Jade drags us into her dark fever dream, a surprising and intimate portrait emerges...a portrait of the scared and traumatized little girl beneath the Jason Voorhees mask: angry, yes, but also a girl who easily cries, fiercely loves, and desperately wants a home. A girl whose feelings are too big for her body. *My Heart Is a Chainsaw* is her story, her homage to horror and revenge and triumph. After taking the fall in a drug raid for her boyfriend and serving four long years in a New York state prison for possession and intent to supply cocaine, Jade Jones is deported to her native home, Jamaica. She has to get her life back together in a country that she hasn't seen in 14 years. Disowned by her family because of her criminal past and abandoned by the man she protected, a bitter and hardened Jade has no one on her side. The ultimate survivor, she uses her stunning beauty, guile and sex appeal to survive on the mean streets of Kingston. Fans of *Princess Posey* and *Ivy and Bean* will enjoy rooting for Jada Jones as she runs for student council in this easy-to-read chapter book. As a candidate for class representative, Jada is ready to give the campaign her all. But when rumors start to fly about her secret fear of public speaking, she isn't sure who she can trust. And the pressure to make promises she can't keep only adds to her growing list of problems. Is winning even worth it when friendships are on the line? This easy-to-read story—with plenty of pictures and a charming, relatable cast of characters—is a sure winner. The early chapter book bridges between leveled readers and chapter books for fluent readers adjusting to the chapter book format. At about 5,000 words, with short chapters and two-color art on almost every page, it will appeal to this unique reader. The two-color art throughout will help readers transition from the familiar four-color art of leveled readers and ease them into black-and-white chapter books. Dark, raw, and very funny, *Problems* introduces us to Maya, a young woman with a smart mouth, time to kill, and a heroin hobby that isn't much fun anymore. Maya's been able to get by in New York on her wits and a dead-end bookstore job for years, but when her husband leaves her and her favorite professor ends their affair, her barely-calibrated life descends into chaos, and she has to make some choices. Maya's struggle to be alone, to be a woman, and to be thoughtful and imperfect and alive in a world that doesn't really care what happens to her is rendered with dead-eyed clarity and unnerving charm. This book takes every tired trope about addiction and recovery, "likeable" characters, and redemption narratives, and blows them to pieces.
