Tony Partly Cloudy Sep 02 2021 A fish-out-of-water story in the style of *My Cousin Vinny* or *Analyze This*, TONY PARTLY CLOUDY is the tale of a Mafia goon who becomes a famous TV weatherman. ** NOTE: contains some profanity, because let's face it: it's hard to get these Mafia guys to talk nice. Forget about it! Tony Bartolicotti (or Tony Partly Cloudy, as his friends in Brooklyn call him) can predict the weather with a level of accuracy that's downright freakish. But no TV station is interested in hiring a weatherman who looks and talks like a Mafia goon. Until now... When a distantly related mob boss applies a little pressure on Tony's behalf, Tony's career starts to take off. Soon America is falling in love with the only weatherman on TV who would predict "a whole lotta freakin' snow." But then the mob decides to call in the favors they've done for Tony. That's when things get stormy. *Tony Partly Cloudy* combines elements of comedy, satire, Mafia lore and romance into a slick, funny novel that readers of Elmore Leonard and Carl Hiaasen will enjoy.

My Damage Mar 28 2021 Keith Morris is a true punk icon. No one else embodies the sound of Southern Californian hardcore the way he does. With his waist-length dreadlocks and snarling vocals, Morris is known the world over for his take-no-prisoners approach on the stage and his integrity off of it. Over the course of his forty-year career with Black Flag, the Circle Jerks, and OFF!, he's battled diabetes, drug and alcohol addiction, and the record industry...and he's still going strong. *My Damage* is more than a book about the highs and lows of a punk rock legend. It's a story from the perspective of someone who has shared the stage with just about every major figure in the music industry and has appeared in cult films like *The Decline of Western Civilization* and *Repo Man*. A true Hollywood tale from an L.A. native, *My Damage* reveals the story of Morris's streets, his scene, and his music-as only he can tell it.

Mandela Nov 04 2021 Nelson Mandela, who emerged from twenty-six years of political imprisonment to lead South Africa out of apartheid and into democracy, is perhaps the world's most admired leader, a man whose life has been led with exemplary courage and inspired conviction. Now Anthony Sampson, who has known Mandela since 1951 and has been a close observer of South Africa's political life for the last fifty years, has produced the first authorized biography, the most informed and comprehensive portrait to date of a man whose dazzling image has been difficult to penetrate. With unprecedented access to Mandela's private papers (including his prison memoir, long thought to have been lost), meticulous research, and hundreds of interviews--from Mandela himself to prison warders on Robben Island, from Walter Sisulu and Oliver Tambo to Winnie Mandela and F. W. de Klerk, and many others intimately connected to Mandela's story--Sampson has composed an enlightening and necessary story of the man behind the myth.

Mutiny and Leadership Aug 21 2020 Whenever leadership emerges within a group, there will be resistance to that leadership. Discontent may manifest in a number of ways, and action will always be determined by factors such as resource, numbers, time, space, and the legitimacy of the resistance. What, then, turns discontent into mutiny? Mutiny is often associated with the occasional mis-leadership of the masses by politically inspired hotheads, or a spontaneous and unusually romantic gesture of defiance against a uniquely overbearing military superior. In reality it is seldom either and usually has far more mundane origins, not in the absolute poverty of the subordinates but in the relative poverty of the relationships between leaders and the led in a military situation. The roots of mutiny lie in the leadership skills of a small number of leaders, and what transforms that into a constructive dialogue, or a catastrophic disaster, depends on how the leaders of both sides mobilise their supporters and their networks. Using contemporary leadership theory to cast a critical light on an array of mutinies throughout history, this book suggests we consider mutiny as a permanent possibility that is further encouraged or discouraged in some contexts. From mutinies in ancient Roman and Greek armies to those that toppled the German and Russian states and forced governments to face their own disastrous policies and changed them forever, this book covers an array of cases across land, sea, and air that still pose a threat to military establishments today. The critical theoretical line also puts into sharp relief the assumption that oftentimes people have little choice in how they respond to circumstances not of their own making. If mutineers could choose to resist what they saw as tyranny, then so can we.

David Baker Aug 13 2022 A Living Jazz Legend, musician and composer David Baker has made a distinctive mark on the world of music in his nearly 60-year career—as player (chiefly on trombone and cello), composer, and educator. In this richly illustrated volume, Monika Herzig explores Baker's artistic legacy, from his days as a jazz musician in Indianapolis to his long-term gig as Distinguished Professor and Chairman of the Jazz Studies department at Indiana University. Baker's credits are striking: in the 1960s he was a member of George Russell's "out there" sextet and orchestra; by the 1980s he was in the jazz educator's hall of fame.

His compositions have been recorded by performers as diverse as Dexter Gordon and Janos Starker, the Beaux Arts Trio, the Composer's String Quartet and the Czech Philharmonic. Featuring enlightening interviews with Baker and a CD of unreleased recordings and Baker compositions, this book brings a jazz legend into clear view.

Me Again Dec 17 2022 A man emerges from a coma six years after a massive stroke only to find he's changed as much as the world has. Jonathan Hooper's doctors and family call his sudden recovery a miracle, but Jonathan himself isn't so sure. After six years spent in a coma, he has a long road to actual recovery, and even then it's unlikely that he'll ever remember who he used to be. His sole source of comfort is the beautiful Rebecca Chase, a fellow stroke victim who has undergone a dramatic personality shift and, like Jonathan, is confronted with the fact that she may never be the person she once was. But the more Jonathan discovers about his past as an emotionally distant, dishonest businessman, the more he wonders if his amnesia may actually be a blessing.

Leadership Matters May 30 2021 Some leaders fundamentally alter the status quo whilst others guide quietly. Most leadership books emphasise specific rules, but Tom Cronin and Michael Genovese see leadership as filled with paradox. Leadership Matters offers a different view of leadership - one that builds community and responds creatively to new situations. Cronin and Genovese argue that leadership is about more than just charisma and set leaders on to a different path - to unleash the power of paradox.

The Psychology of Marriage Jun 30 2021 From their location in the heart of Detroit, Michigan, the Weisfelds' lab has reached out for thirty years to couples in long-term partnerships around the world. Researchers will be introduced to a robust new instrument, the Marriage and Relationship Questionnaire (MARQ), which can be used in heterosexual and same-sex couples in virtually any cultural setting, along with ethical guidelines for conducting this research. Shakespeare's Ear Feb 24 2021 Shakespeare's Ear presents dark and sometimes funny pieces of fact and folklore that bedevil the mostly unknown history of theater. All manner of skulduggery, from revenge to murder, from affairs to persecution, proves that the drama off-stage was just as intense as any portrayed on it. The stories include those of: An ancient Greek writer of tragedies who dies when an eagle drops a tortoise on his head. A sixteenth-century English playwright who lives a double life as a spy and perishes horribly, stabbed above the eye. A small Parisian theater where grisly horrors unfold on stage. The gold earring that Shakespeare wears in the Chandos portrait, and its connections to bohemians and pirates of the time. Journey back to see theatrical shenanigans from the ancient Near East, explore the violent plays of ancient Greece and Rome, revel in the Elizabethan and Jacobean golden age of blood-thirsty drama, delight in the zany and subversive antics of the Commedia dell'arte, and tremble at ghostly incursions into playhouses. Here you will find many fine examples of playwrights, actors, and audiences alike being horrible to each other over the centuries.

In the Vanguard Oct 11 2019 *In the Vanguard: Haystack Mountain School of Crafts, 1950–1969* traces the first two decades of the Haystack Mountain School of Craft's history and its pivotal impact on the world of art and craft practice in the United States during the mid-twentieth century. The first scholarly investigation of this internationally renowned school, the exhibition, and the accompanying catalogue will feature work made at Haystack or influenced by time spent there by some of the most highly recognized names in the fields of fiber, glass, ceramics, jewelry, and graphic arts to demonstrate the school's significant role in debates about art, craft, industry, and pedagogy in the United States during the 1950s and 1960s. Haystack's model of brief summer sessions and changing instructors offered new ways of thinking about the status of craft as art and the nature of accessible design in the context of communally based, process-oriented learning. Anni Albers, Toshiko Takaezu, Jack Lenor Larsen, Kay Sekimachi, Arline Fisch, Robert Arneson, Harvey Littleton, Wolf Kahn, and Dale Chihuly are just a few of the artists who taught at the school between 1950 and 1969 and who helped define Haystack's radically open-ended approach towards art and craft. With approximately eighty objects assembled from public and private collections and archives, many rarely or never before exhibited in a museum, *In the Vanguard* will establish the substantial legacy of this remote community of makers in the art and education world at large. Archival material installed throughout the exhibition will include original correspondence, photographs, brochures, architectural models, posters, and early ephemera. Published in association with the Portland Museum of Art. Exhibition dates: Portland Museum of Art, Maine: May 24–September 8, 2019 Cranbrook Academy of Art, Michigan: November 15, 2019–March 8, 2020

Conversations with Saul Bellow Apr 09 2022 Renowned writer Saul Bellow reflects on the times in which we live and the craft of writing. Bellow asks what meaningful words are left to write in the face of such events as revolutions, world wars, the atom bomb, and who would take the time to read them if new words were found or invented. Fortunately Faulkner is no longer alive, and unfortunately, neither is Hemingway.

Up from the Blue Jul 20 2020 Tillie is an eight-year-old girl who doesn't stop. She buzzes with an incessant creative energy, dreaming and dancing and always talking, talking, talking: and all for her beautiful mother Mara. But for Mara even the ordinary world is too much; suffocating under an unshakeable misery, all she longs for is life to leave her alone. When Tillie's father receives a promotion, he sees a new chance to impose order - and by the time Tillie arrives in their new house her mother is nowhere to be seen. Tillie's imagination feverishly tries to solve the mystery, but the truth is far more distressing than she ever could have thought. An achingly real depiction of a family struggling with mental illness, *Up from the Blue* is a wrenching debut recalling the works of Lionel Shriver, Mark Haddon, and Emma Donoghue.

Me Again Feb 19 2023 Two young stroke victims meet in a hospital . . . Jonathan's memory is gone, wiped clean by a six-year coma. Since nobody had expected him to recover, his sudden awakening becomes an awkward intrusion on his family and friends. Rebecca's personality has changed, making her a stranger to her husband. A steadily accelerating story exploring the irony, humor, and opportunity that can accompany personal calamity, ME AGAIN follows the intertwined paths of two people forced to start over in life: one looking for his place in a world that has moved on without him, the other struggling to navigate a relationship with a man who wishes she were someone else.

Conflict Graffiti Jan 06 2022 "Graffiti is by nature a protean art. In movies, it is often the backdrop used to create a sense of danger and lawlessness. In bathroom stalls, it is the disembodied expression of gossip, lewdness, or confession. In protests, it is a resistive tool, visually displaying the cacophony of disparate voices and interests that come together to make up a movement. Every graffito has an unstable afterlife-fated to be added to, transformed, overlaid, photographed, reinterpreted, or painted over. In short, as this book artfully explains, graffiti makes for messy politics. It brings the unwieldiness of the crises it engages to the fore, giving shape to a conflict's evolving nature. The book closely examines the many permutations of graffiti in conflict zones-moving from the protest graffiti of the Black Lives Matter movement in Ferguson and the Arab Spring in Egypt to the tourist attraction murals on the Israeli Separation Wall, to the street art used for city rebranding and beautification in Detroit and post-Katrina New Orleans. Graffiti has played a crucial role in the revolutionary movements of these locales, but has also been variously appropriated, policed, and exported, ushering in postconflict consumerism, gentrification, militarization, and anaesthetized forgetting. Yet, the book concludes, as protest movements change and adapt in turn, graffiti is also uniquely suited to shapeshift with them, opening up new apertures of resistance with every wave"--

101 Things to Do with Your Child Nov 16 2022 This idea came to me from a place of silence. A week after spending a fall break from school with my daughter, I reminisced about the incredible time we spent together, being present and in the moment. Whether it was swimming, hiking, yoga, art projects and beyond, there was an inescapable amount of gratitude and happiness that seemed to percolate from everywhere. This caused me to take some notes on the experiences, feelings and sentiment that surrounded that week that infused me with the intent of developing something for more than just me and to serve you, the reader of this book and the architect of your life. You see, we live in a world today, dominated by the digital age. Social media, mobile phones that have become super computers of our time, digital distractions within an arms reach of each of us. But something is missing. It's us. We seem to have lost our connection to our families, friends and close relationships. Call it convenience. Call it evolution. Call it a lost generation. But it doesn't have to be that way and we can capture this now. These experiences should be captured and I'll tell you why. Getting older is a fact of life. The cliché is true- the older you get, the quicker it goes, doesn't it? How do we hold on to those memories in a tangible way? Hence this book. How do we journal these experiences, beyond a blog or the digital age? How do we leave a legacy? How do we share with the next generation, what we did, where we did it, how we felt at the time? HOW DO YOU WANT TO LOOK BACK? Yes, I'm notorious for asking lots of questions, but hopefully this has you thinking. Wouldn't it be nice if we could do just that- go into a time machine and see what we did and have a physical archive of these activities and events? If you are interested, then you've come to the right place. It's your Egyptian scroll. Your canvas of papyrus to leave your imprint on your family and loved ones. Let's go deeper for a moment. As an adult reading this, you will understand that life has many buckets. Family-children, parents, siblings, in-laws etc. Community-friendships and community involvement Spiritual- religion or philosophy Career- today and in the future Health- decisions and lifestyle Material- possessions Avocations- hobbies and non-work related activities As we look at each, we all know that they can often change over time. Families change and grow. Friendships evolve. Your philosophy could change. We change careers more frequently today. Health matters differently at stages in our lives. Our material possessions can expand or contract over time. Much the same can be said for our hobbies. So, how do we keep it all glued together? We all struggle with this. Work too much, miss your family. Don't work enough, you might not be able to take care of your family. But what if we could focus on our family, friends and connections and chronicle these experiences in a book. You know, like this one? Part journal, part travel experience? Part time capsule, part historical reference? It's been said by others before me, but I believe this axiom is true- there is nothing more important than how you feel. If this is a fact, then can you consider doing the activities in this book? It will become a source for you to always drink from and savor. You'll be able to look back at a picture, the written word and recall those fond memories that were seared into your soul at the time they happened. This is not just for you, but for others that follow you in this life. Your children and their children. Your children's cousins. A teacher. A mentor. You pick who would benefit from hearing about your escapades and who you are and the people you loved. Remember- people are curious and they want to know about you. Are you willing to tell a short story for them? This will be fun and enjoyable for all of the participants and encourage all of us to slow things down a bit in our hectic lives.

These include internationally recognized collections such as the Chinati Foundation, the Kimbell Art Museum, the Menil Collection, and the Nasher Sculpture Center; renowned encyclopedic institutions such as the Museum of Fine Arts, Houston, the Dallas Museum of Art, and the San Antonio Museum of Art; and dozens of first-rate art centers, alternative spaces, and university galleries. To enhance the reader's visits to familiar destinations and to encourage the exploration of lesser-known venues, Art Guide Texas presents the only in-depth survey devoted exclusively to the state's nonprofit visual arts institutions. Rebecca Cohen organizes the book regionally. Individual entries for museums and galleries give essential contact information, including phone numbers and Web sites, as well as a description of the collection(s) and past exhibitions, a brief history of the institution, significant architectural details about the building, and assorted practical tips. Black-and-white photographs accompany many of the entries, as well as notable quotes on art and architecture. In addition, Cohen's essays on the phenomenal late-twentieth-century growth of the arts in Texas and on arts activity in the different regions of the state provide a helpful context for exploring the arts in Texas.

Sport and Nationalism in China Jan 14 2020 This book examines the relationships between sport, nationalism and nation building in China. By exploring the last 150 years of Chinese history, it offers unparalleled depth and breadth of coverage and provides a clear grasp of Chinese sports nationalism from both macro and micro perspectives. Beginning with a discussion on the role of sport in the Qing Dynasty's Self-Strengthening Movement (1861-1895), the book examines how sport contributed to the shaping of the early forms of Chinese nationalism in the late 19th century. It identifies and defines the core functions of sport in the Chinese Nationalist Revolution which successfully transformed China from a culturally bound empire to a modern nation state in 1911. The following section, on the Republic of China Era (1912-1949), explores the interactions between sport and the construction of Chinese nationalism and national consciousness, illustrating how sport played its part in the building of the newly established nation state. Moving on to the Communist China Era (1949-present), the book scans the whole spectrum of both modern and contemporary Chinese nationalism and interprets the most important issues on the course of China's nation building, explaining why sport is so tightly bound up with nationalism and patriotism, and how sport became an essential part of nationalists', politicians' and educationalists' strategy to revive the Chinese nation.

Good and Cheap Nov 11 2019 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.
