With an introduction by Robert Stone. Pa, Ma, and their children take a trip to the Big Rock Candy Mountain, with its lollipop trees, chocolate fountains, and friendly bears wearing crazy socks. Music arrangement by Kathy Boyd and Mark Gensman on last page. The Great Depression is a period that most young people consider ancient history, but their own grandparents probably remember it well, for the country was in shock and nothing afterward was ever the same. This story, told through the eyes of an eleven-year-old girl, is an account of what it was like in those dust-bowl days when thousands of people migrated west in search of the promised land: California. Whole families made the trek across Route 66, and their children went with them. One of them was Meg Buckland. Evicted from their home in Missouri, Meg and her father made their way westward in search of a future they could hardly imagine. But like many others they had dreams of a land where there would be jobs, and

pay, and a new home. And maybe even some of those fantastic joys described in the popular song "The Big Rock Candy Mountain." It's safe to say that nothing turned out as they expected. **SERIES PREMIERE** Eisner-nominated comic creator, **KYLE STARKS (SEXCASTLE)**, would like to invite you to enter the magical world of hobos. "Contains material originally published in single magazine form as Rock Candy Mountain #1-4"--Title page verso. This is a memoir my father wrote about his life growing up in Eastern Kentucky in the early 1900's. It's a story that traces his beginnings as a child in those mountain hills which are incredibly beautiful and at the same time fraught with harsh realities. His childhood is one of extraordinary exploration into the hills of Kentucky along with his insatiable curiosity with the new industries that settle in**

those mountains. He has a mischievous nature, mixed with innocence as he experiences both the beauty and hardship of what it's like to grow up in that era. This is all poignantly chronicled and when he turns thirteen, he sets out to travel away from his Kentucky home. His transportation is riding the rails to places and experiences far beyond his homeland. He strikes out on his own to go to Texas to become a cowboy. With no real plan or knowledge about how to pursue that dream, he has many misadventures on his path to get there. It reads like an adventure story of a young boy trying to become an adult. It's a tale of redemption and how the grass is not always greener on the other side. David Grand's *Mount Terminus* is a dark, majestic novel about art, family, overwhelming love, and the birth of Los Angeles. After his mother's death, young Bloom boards a train with his bereaved father, Jacob, to travel west across mountains and deserts to California: *Mount Terminus*, their new home at the desolate end of the world. There, in a villa built atop a rare desert spring, they live apart from society, supported by the income from Jacob's invention, the Rosenbloom Loop, a piece of technology that has revolutionized the nascent art of filmmaking. There, Bloom grows up in the shadow of his father's grief, with only a pair of servants, the house's ghosts, and his own artistic muse for company. But Jacob can't forever protect his family from his past—the dramatic series of events that has taken him from the Hebrew Orphan Asylum on New York City's Lower

**East Side and into the graces of beautiful twin girls, and finally to this fragile refuge in pre-Hollywood Los Angeles. And Bloom, now an eccentric dark genius, can't live alone at the top of the mountain forever. Prodded by his newly discovered half brother, in every way his opposite, Bloom will have to come down to meet the world. Otherwise the orange farmers and the vaqueros, the speculators and the developers, the artists and the barons of the silver screen, will surely come up the mountain to meet him. Triumphant and enthralling, Mount Terminus marks a magnificent return for David Grand; it's the novel he was born to write. Shira Spector, whose drawing is visceral, symbolic and naturalistic, literally paints a vivid portrait of the most eventful 10 years of her life, encompassing her tenacious struggle to get pregnant, the emotional turmoil of her father's cancer diagnosis and eventual death, and her recollections of past relationships with her parents and her partner. Set in a kaleidoscope of Montreal and Toronto, Red Rock Baby Candy begins in subtle, tonal shades of black ink and introduces color slowly over the next 50 pages until it explodes into a glorious full color palette. The visual storytelling eschews traditional comics panels in favor of a series of unique page compositions that convey both a stream of consciousness and the tactile reality of life, both the subjective impressions of the author at each moment of the life she depicts and the objective series of events that shape her narrative. Finally, the dramatic origin story of the World's Toughest**

I hope you like train fights, dear readers, because we're about to ride the blinds into Epic Hobo Action! Also, Pomona runs into an old friend. Okay, not a friend. It's the Literal Devil. character, to see who he became, and the opportunity to understand his earlier incarnation through his own eyes. A book of timeless importance about the American West and a modern classic by National Book Award- and Pulitzer Prize-winning Wallace Stegner. The essays, memoirs, letters, and speeches collected in *The Sound of Mountain Water* encompass memoir, nature conservation, history, geography, and literature. Compositions delve into the post-World War II boom that brought the Rocky Mountain West--from Montana and Idaho to Utah and Nevada--into the modern age. Other works feature eloquent sketches of the West's history and environment, directing our imagination to the sublime beauty of such places as Robbers Roost and Glen Canyon. A final section examines the state of Western literature, of the mythical past and the diminished present, and analyzed the difficulties facing any contemporary Western writer. Written over a period of twenty-five years, a time in which the West witnessed rapid changes to its cultural and natural heritage, and by a writer and thinker who will always hold a unique position in modern American letters, *The Sound of Mountain Water* is a hymn to the Western landscape, an affirmation of the hope embodied therein, and a careful and rich investigation of the West's complex legacy. Jackson's mysterious history finally unravels. A massive battle atop a moving train. The Hobo Mafia and the feds close in for an actual war and Jackson's final battle with *The Literal Devil*. *Pomona Slim*, *Hundred Cat*, and *Big*

**Sis are all mixed up in the epic conclusion of the World's Toughest Hobo's search for the mythical Rock Candy Mountain. Collects ROCK CANDY MOUNTAIN #5-8 "A masterful debut" that follows four generations of Cherokee women across four decades—from the Plimpton Prize-winning author (Sarah Jessica Parker). It's 1974 in the Cherokee Nation of Oklahoma and fifteen-year-old Justine grows up in a family of tough, complicated, and loyal women, presided over by her mother, Lula, and Granny. After Justine's father abandoned the family, Lula became a devout member of the Holiness Church—a community that Justine at times finds stifling and terrifying. But Justine does her best as a devoted daughter, until an act of violence sends her on a different path forever. Crooked Hallelujah tells the stories of Justine—a mixed-blood Cherokee woman—and her daughter, Reney, as they move from Eastern Oklahoma's Indian Country in the hopes of starting a new, more stable life in Texas amid the oil bust of the 1980s. However, life in Texas isn't easy, and Reney feels unmoored from her family in Indian Country. Against the vivid backdrop of the Red River, we see their struggle to survive in a world—of unreliable men and near-Biblical natural forces, like wildfires and tornados—intent on stripping away their connections to one another and their very ideas of home. In lush and empathic prose, Kelli Jo Ford depicts what this family of proud, stubborn, Cherokee women sacrifices for those they love, amid larger forces of history, religion, class, and**

**culture. This is a big-hearted and ambitious novel of the powerful bonds between mothers and daughters by an exquisite and rare new talent. "A compelling journey through the evolving terrain of multiple generations of women." —TheWashington Post**
