The Powder Mage trilogy: Promise of Blood The Crimson Campaign The Autumn Republic The Gods of Blood and Powder series: Sins of Empire Wrath of Empire Special Detective Constable Adamat may be the most capable young investigator in all of Adopest. He's sharp, thoughtful, and his particular sorcery gives him a flawless memory. A transfer to the First Precinct seems like the perfect opportunity to showcase his abilities and advance his career. But things work differently in the First Precinct.

The murder of a businessman's mistress quickly pulls Adamat into an unexpected world of conspiracy and politics where he's forced to use all his wits to stay one step ahead of unseen enemies and keep his friends—and himself—from the guillotine. Occurs twenty-two years before the events in Promise of Blood.

Taniel Two-Shot is a powder mage with the Tristan Ghost Irregulars, a band of volunteers who have made a name for themselves fighting in the Fatrastan Revolution. They range through the swamps of the frontier, cutting off enemy supplies and raiding towns while Taniel hunts the Privileged sorcerers that make the Kez armies so powerful. When a desperate call for help comes from the nearby city of Planth, the Irregulars aren't the only ones to answer and Taniel must deal with another hero of the revolution: Mad Colonel Styke. But not all is well within the young Fatrastan government, and more hangs on the defense of Planth than Taniel and his companions could possibly know.

Fraternal twins Nels and Suvi move beyond their royal heritage and into military and magical dominion in this flintlock epic fantasy debut from a two-time Campbell Award finalist. Prince Nels is the scholarly runt of the ancient Kainen royal family of Eledore, disregarded as flawed by the king and many others. Only Suvi, his fraternal twin sister, supports him. When Nels is ambushed by

an Acrasian scouting party, he does the forbidden for a member of the ruling family: He picks up a fallen sword and defends himself. Disowned and dismissed to the military, Nels establishes himself as a leader as Eledore begins to shatter under the attack of the Acrasians, who the Kainen had previously dismissed as barbarians. But Nels knows differently, and with the aid of Suvi, who has allied with pirates, he mounts a military offensive with sword, canon, and what little magic is left in the world. This is a bold and original reinterpretation of almost all of Shakespeare's major plays, in the light of the Marxist, feminist and semiotic ideas of our own time. Through a set of tenaciously detailed readings, the book illuminates a number of persistent problems or conflicts in Shakespearean drama - in particular a contradiction between words and things, body and language, which is also explored in terms of law, sexuality and Nature. Language and desire, Terry Eagleton argues, are seen by Shakespeare

as a kind of 'surplus' over and above the body, stable and social roles and a fixed human nature. But the attitude of the plays to such a 'surplus' is profoundly ambivalent; if they admire it as the very source of human creativity, they also fear its anarchic, transgressive force. Underlying such ambiguities, the book convincingly shows, is a deeper ideological struggle, between feudalist traditionalism on the one hand, and the emergence of new forms of bourgeois individualism on the other. This book reveals how, in the light of our own contemporary theories of language, sexuality and society, we can understand the issues present in Shakespeare's drama which previously have remained obscure.
