Mythology Interpretations of Greek Mythology (Routledge
Revivals) Mythos

Interpretations of Greek Mythology, first published in 1987, builds on the innovative work of Walter Burkert and the 'Paris school' of Jean-Pierre Vernant, and represents a renewal of interpretation of Greek mythology. The contributors to this volume present a variety of approaches to the Greek myths, all of which eschew a

monolithic or exclusively structuralist hermeneutic method. Specifically, the notion that mythology can simply be read as a primitive mode of narrative history is rejected, with emphasis instead being placed on the relationships between mythology and history, ritual and political genealogy. The essays concentrate on some of the best known characters and themes – Oedipus, Orpheus, Narcissus – reflecting the complexity and fascination of the Greek imagination. The volume will long remain an indispensable tool for the study of Greek mythology, and it is of great interest to anyone interested in the development of Greek culture and civilisation and the nature of myth. In this sequel to the bestselling *Mythos*, legendary author and actor Stephen Fry moves from the exploits of the Olympian gods to the deeds of mortal heroes. Perseus. Jason. Atalanta. Theseus. Heracles. Rediscover the thrills, grandeur, and unabashed fun of the Greek myths. Whether recounting a tender love affair or a heroic triumph, Fry deftly finds resonance with our own modern minds and hearts. Illustrated throughout with classical art inspired by the myths, this gorgeous volume invites you to explore a captivating world with a brilliant storyteller as your guide. • Each adventure is infused with Fry's distinctive voice and writing style. • Connoisseurs of the Greek myths will appreciate this fresh-yet-reverential interpretation, while newcomers will feel welcome. • Retellings brim with humor and emotion.

"Mostly Chiron saw in the child, and the young man he became, boundless courage, athleticism, intelligence, and ambition. He saw too lots of words beginning with 'self,' which gave him pause. Self-belief, self-possession, self-righteousness, self-confidence, self-love. Perhaps these

characteristics are as necessary to a hero as courage." In *Heroes*, Fry draws out the humor and pathos in both tender love affairs and heroic battles, and reveals each myth's relevance for our own time. • A collector's edition filled with classical art inspired by the myths and a luxe, foil-stamped jacket • Perfect gift for mythology and history buffs, lovers of ancient Greece, art aficionados, and devoted fans of Stephen Fry • Add it to the shelf with books like *Circe* by Madeline Miller, *Norse Mythology* by Neil Gaiman, and *Mythology: Timeless Tales of Gods and Heroes* by Edith Hamilton A re-telling of the myths of ancient Greece for children. Presents adaptations of eight classical Greek myths, including tales of Odysseus, Achilles, Oedipus, and others, and includes word lists, footnotes, illustrations, a map of ancient Greece, and a list of major gods. An illustrated collection of twenty Greek myths including "Prometheus and Pandora," "Theseus and the Minotaur," "Meleager and the blazing logs," and "The story of Phaeton." The Landmark Xenophon's *Anabasis* is the definitive edition of the ancient classic—also known as *The March of the Ten Thousand* or *The March Up-Country*—which chronicles one of the greatest true-life adventures ever recorded. As Xenophon's narrative opens, the Persian prince Cyrus the Younger is marshaling an army to usurp the throne from his brother Artaxerxes the King. When Cyrus is killed in battle, ten thousand Greek soldiers he had hired find themselves stranded deep in enemy territory, surrounded by forces of a hostile Persian king. When their top generals are arrested, the Greeks have to elect new leaders, one of whom is Xenophon, a resourceful and courageous Athenian who leads by persuasion and vote. What follows is his vivid account of

the Greeks' harrowing journey through extremes of territory and climate, inhabited by unfriendly tribes who often oppose their passage. Despite formidable obstacles, they navigate their way to the Black Sea coast and make their way back to Greece. This masterful new translation by David Thomas gives color and depth to a story long studied as a classic of military history and practical philosophy. Edited by Shane Brennan and David Thomas, the text is supported with numerous detailed maps, annotations, appendices, and illustrations. The Landmark Xenophon's Anabasis offers one of the classical Greek world's seminal tales to readers of all levels. "I doubt I would have grown up to be the writer and artist I became had I not fallen in love with D'Aulaire's Book of Greek Myths at the age of seven."—R. J. Palacio, author of Wonder Kids can lose themselves in a world of myth and magic while learning important cultural history in this beloved classic collection of Greek mythology. Now updated with a new cover and an afterword featuring never-before-published drawings from the sketchbook of Ingri and Edgar D'Aulaire, plus an essay about their life and work and photos from the family archive. In print for over fifty years, D'Aulaires Book of Greek Myths has introduced generations to Greek mythology—and continues to enthrall young readers. Here are the greats of ancient Greece—gods and goddesses, heroes and monsters—as freshly described in words and pictures as if they were alive today. No other volume of Greek mythology has inspired as many young readers as this timeless classic. Both adults and children alike will find this book a treasure for years to come. "Tantalizingly rich . . . this is a splendid book."--Greece and Rome "Burken

relegates his learned documentation to the notes and writes in a lively and fluent style. The book is recommended as a major contribution to the interpretation of ancient Greek myth and ritual. The breadth alone of Burkert's learning renders his book indispensable."--Classical Outlook "Impressive. . . founded on a striking knowledge of the complex evidence (literary, epigraphical, archaeological, comparative) for this extensive subject. Burkert offers a rare combination of exact scholarship with imagination and even humor. A brilliant book, in which . . .the reader can see at every point what is going on in the author's mind--and that is never uninteresting, and rarely unimportant."--Times Literary Supplement "Burkert's work is of such magnitude and depth that it may even contribute to that most difficult of tasks, defining myth, ritual, and religion. . [He] locates his work in the context of culture and the history of ideas, and he is not hesitant to draw on sociology and biology. Consequently his work is of significance for philosophers, historians, and even theologians, as well as for classicists and historians of Greek culture. His hypotheses are courageous and his conclusions are bold; both establish standards for methodology as well as results. "--Religious Studies Review This collection of 47 tales from Gustav Schwab's seminal anthology of Greek myths stages the illustrious exploits of Heracles, Jason, Odysseus, and a host of heroes. Through the masterful drawings of Clifford Harper and artworks from the leading figures of the Golden Age of Illustration, including Walter Crane, Arthur Rackham, and Virginia... The definitive and comprehensive edition of Robert Graves's classic retelling of the Greek myths 'Icarus disobeyed his father's

instructions and began soaring towards the sun, rejoiced by the lift of his great sweeping wings. Presently, when Daedalus looked over his shoulder, he could no longer see Icarus; but scattered feathers floated on the waves below...' These are the greatest stories ever told - the labours of Hercules, the voyage of the Argonauts, Theseus and the minotaur, Midas and his golden touch, the Trojan War and Odysseus's journey home - brought together into one epic and unforgettable story. Ideal for the first time reader, it can be read as a single page-turning narrative, while full commentaries as well as a comprehensive index of names make it equally valuable for anyone seeking an authoritative and detailed account of the spectacular stories that make up the bedrock of Western literature. The Greek Myths is a classic among classics, a treasure trove of extraordinary tales and a masterful work of literature in its own right. A fresh and revealing look at the stories at the heart of Greek mythology, exploring their cultural impact throughout history up to the present day. How do ancient Greek myths find themselves retold and reinterpreted in cultures across the world, several millennia later? In this volume, bestselling author Richard Buxton explores the power that eight iconic Greek myths hold in the modern world. Buxton traces these stories and archetypes from their ancient forms through their transformations over time in literature, art, cinema, psychology, and politics. Over their long lives, Greek myths have expressed a myriad of meanings: from aesthetic refinement to erotic fantasy to political power. Greek myths are an integral part of a broader cultural history, their changes in meaning signifying major shifts in art and society; myths that strike a resonant cultural chord

in one period may fall out of fashion the next. This erudite yet accessible exploration examines how the world's most influential myths have survived to the present, and how they have shaped our ideas on everything from family and society to sexuality and culture. As Buxton explains, each of the eight featured myths is fundamental to the way we think about ourselves and the world. The figure of Prometheus has inspired science fiction icons from Mary Shelley to Ridley Scott. The tragedy of Medea has had a profound impact on theater, feminism, and even criminology. Oedipus's influence stretches far beyond Freud. The rich visual tradition inspired by Greek myths—from pottery to paintings to popular culture—illustrates this wide-ranging, sometimes surprising study, making this book a beautiful object to own as well as a thought-provoking read. This first volume of Bernard Evslin's award-winning series introduces the monsters, demons, gods, and heroes of Greek mythology. Athena, wise and powerful daughter of Zeus, is the most feared of all the goddesses. Poseidon, the "earth shaker," rules the sea with his thunderous wrath. Each wants to control Olympus absolutely. Obsessed with destroying Poseidon, Athena summons her crows by day and owls by night to spy on his vast water realm. The long-simmering feud spawns a multitude of monsters, the most terrifying of which is the brass-headed colossus Amycus. This classic work features a sprawling cast of gods and mortals waging battle on land and by sea, from Zeus to the Titan god Prometheus, from Hades, who guards the gates of hell, to Circe, immortal weaver of spells, to the great war chief Ulysses, who sails in search of his long-lost home. *Monsters of Greek Mythology* brings to life fearsome

creatures like giant, flame-spitting wingless dragons, a spider named Arachne, goats and swordfish endowed with magical properties, and the Cyclopes—one-eyed male and female goliaths even more powerful than the Titans. Robert Graves, classicist, poet and unorthodox critic, retells the Greek legends of gods and heroes for a modern audience. He demonstrates with a dazzling display of relevant knowledge that Greek mythology is 'no more mysterious in content than are modern election cartoons'. All the scattered elements of each myth are assembled into a harmonious narrative, and many variants are recorded which may help to determine its ritual or historical meaning. Full indexes and references to the classical sources make the book as valuable to the scholar as the general reader. And a full commentary on each myth interprets the classical version in the light of contemporary archaeological and anthropological knowledge. The "Reaching Olympus" series uses classroom-tested Reader's Theater plays specifically designed for 6th-12th grade students to retell the great myths and legends of world mythology. Reader's Theater is an innovative and powerful teaching tool that allows students to break away from silent reading and share in an "acting-out" experience where words and myth come to life. Volume I of the Greek Myths in the "Reaching Olympus" series features nine classic myths in interactive-script form, including Perseus and the quest for Medusa's head, Atalanta the female warrior, Jason's legendary quest for the Golden Fleece, Narcissus and Echo, Oedipus Rex, Orpheus and Eurydice, the inventor Daedalus, and the flight of Icarus. Each play is prefaced by a teacher guide providing a synopsis of the myth, relevant background

information and commentary on the myth, anticipatory questions for pre-play discussion, essential questions to help analyze the "big ideas" behind each myth, recall questions to check reading comprehension, and instructions for teaching commonly-tested terms and literary devices using each play. Supplemental materials include a temple-building game, a find-it puzzle with fifty different items to locate, a bonus myth (Bellerophon and Pegasus), a glossary of important characters, and a name pronunciation guide. Zachary Hamby is a professional author and illustrator and an experienced educator. He has spoken at many educational conferences (including the National Council of Teachers of English Convention) on the many benefits of using Reader's Theater in the secondary classroom. He is the author of two series that teach mythology to young people, the "Reaching Olympus" series and the "Mythology for Teens" series. He currently teaches high school in the Ozark mountains, where he lives with his wife and two children. "The gold standard in Greek mythology, in a dazzling Graphic Deluxe Edition featuring flaps, deckled edges, and specially commissioned cover art by Ross Macdonald and a new introduction by the multimillion-copy bestselling author of the Percy Jackson and the Olympians series From the creation of the world out of Chaos and the birth of the Olympians to the Trojan War and Odysseus's return, Robert Graves's superb retelling of the Greek myths has long been acclaimed as the definitive edition. Graves draws on sources scattered throughout ancient literature, using a novelist's skill to weave a crisp, coherent narrative of each myth and providing commentaries with cross-references, interpretations, and explanations based on

solid scholarship. The result is a classic volume of many of the greatest stories ever told—stories of the gods, heroes, and extraordinary events that inspired Homer, the Greek tragedians, and so much of subsequent European literature. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. A full, authoritative, and wholly engaging account of these endlessly fascinating tales and of the ancient society in which they were created. Greek myths are among the most complex and influential stories ever told. From the first millennium BC until today, the myths have been repeated in an inexhaustible series of variations and reinterpretations. They can be found in the latest movies and television shows and in software for interactive computer games. This book combines a retelling of Greek myths with a comprehensive account of the world in which they developed—their themes, their relevance to Greek religion and society, and their relationship to the landscape. "Contexts, Sources, Meanings" describes the main literary and artistic sources for Greek myths, and their contexts, such as ritual and theater. "Myths of Origin" includes stories about the beginning of the cosmos, the origins of the gods, the first humans, and the founding of communities. "The Olympians: Power, Honor, Sexuality" examines the activities of all the main divinities. "Heroic

exploits" concentrates on the adventures of Perseus, Jason, Herakles, and other heroes. "Family sagas" explores the dramas and catastrophes that befall heroes and heroines. "A Landscape of Myths" sets the stories within the context of the mountains, caves, seas, and rivers of Greece, Crete, Troy, and the Underworld. "Greek Myths after the Greeks" describes the rich tradition of retelling, from the Romans, through the Renaissance, to the twenty-first century. Complemented by lavish illustrations, genealogical tables, box features, and specially commissioned drawings, this will be an essential book for anyone interested in these classic tales and in the world of the ancient Greeks. A retelling of the greatest myths and legends of the ancient Greek gods and heroes for readers of all ages by a celebrated historical novelist. In the ancient past, the Gods and Goddesses of ancient Greece lived on Mount Olympus and ruled the world of mortals. Famous heroes shaped the course of history, beautiful women drew the gazes of gods and men alike, and the gods were both fickle in their favors and breathtakingly generous to those they smiled upon. From Midas' tragic gift to the exploits of Hercules and the curse of Pandora, renowned classicist and historical novelist Robert Graves brings the legends of ancient Greece to life in a lively, accessible way that's sure to appeal to everyone; from children to adults, and from casual readers to serious scholars. Architecture, democracy, the Olympics—the modern world owes a lot to the ancient Greeks! In *Explore Greek Myths! With 25 Great Projects*, readers embark on a fascinating journey to explore the myths that infused ancient Greek culture, civilization, and innovation. Readers will learn how these myths, popular more than 3,000 years

ago, have provided fundamental support to today's art, architecture, mathematics, science, philosophy, literature, and government. Readers will read about the adventures of many Greek gods, such as Zeus, who could throw lightning bolts and Athena, who personally protected the city of Athens. Readers will also meet great heroes, including the mighty Heracles, Perseus, who freed a princess chained to a rock, and Odysseus, who battled with a one-eyed giant called a Cyclopes. These characters and creatures serve to both entertain and offer lessons in morality, while also explaining the natural phenomenon that the ancient Greeks had no scientific explanation for. The lively text, surprising fun facts, jokes, and colorful illustrations encourage children to explore Greek mythology and make connections to our modern culture and language. Hands-on activities include making a topographical map of ancient Greece and designing Greek columns, while links to online primary sources encourage readers to explore the topic independently. In this sequel to the bestselling *Mythos*, legendary author and actor Stephen Fry moves from the exploits of the Olympian gods to the deeds of mortal heroes. Perseus. Jason. Atalanta. Theseus. Heracles. Rediscover the thrills, grandeur, and unabashed fun of the Greek myths. Whether recounting a tender love affair or a heroic triumph, Fry deftly finds resonance with our own modern minds and hearts. Illustrated throughout with classical art inspired by the myths, this gorgeous volume invites you to explore a captivating world with a brilliant storyteller as your guide.

This ebook includes *Gods, Demigods and Demons*; *Hercules*; *Heroes, Gods and Monsters of the Greek Myths*; *Jason and the Argonauts*; *Monsters of Greek Mythology Volume One*; *Monsters of Greek Mythology Volume Two*; *The Adventures of Ulysses*;

The Dolphin Rider; and The Trojan War. Endymion, Pelops, Daedalus, Pygmalion ◆ what are the stories behind these and the hundreds of other familiar names from Greek mythology ◆ names that recur throughout the history of European culture? In a two-volume work that has become a classic reference book for both the serious scholar and the casual inquirer, Robert Graves retells the adventures of the important gods and heroes worshipped by the ancient Greeks. Drawing on an enormous range of sources, he has brought together all the elements of every myth in simple narrative form, supplying detailed cross-references and indexes. Each entry has a full commentary which examines problems of interpretation in both historical and anthropological terms, and in the light of contemporary research. A brilliantly original, landmark retelling of Greek myths, recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them—including Athena, Helen, Circe and Penelope “Greek myths were full of powerful witches, unpredictable gods and sword-wielding slayers. They were also extreme: about families who turn murderously on each other; impossible tasks set by cruel kings; love that goes wrong; wars and journeys and terrible loss. There was magic, there was shape-shifting, there were monsters, there were descents to the land of the dead. Humans and immortals inhabited the same world, which was sometimes perilous, sometimes exciting. “The stories were obviously fantastical. All the same, brothers really do war with each other. People tell the truth but aren’t believed. Wars destroy the innocent. Lovers are parted. Parents endure the grief of losing children. Women suffer violence at the hands of men. The

cleverest of people can be blind to what is really going on. The law of the land can contradict what you know to be just. Mysterious diseases devastate cities. Floods and fire tear lives apart. “For the Greeks, the word *muthos* simply meant a traditional tale. In the twenty-first century, we have long left behind the political and religious framework in which these stories first circulated—but their power endures. Greek myths remain true for us because they excavate the very extremes of human experience: sudden, inexplicable catastrophe; radical reversals of fortune; and seemingly arbitrary events that transform lives. They deal, in short, in the hard, basic facts of the human condition.” —from the Introduction

A single-volume resource to ancient Greece, this geneological map of the universe of Greek Myth has a unique accordion-paged design that can be perused section-by-section, on both sides, or fanned out in more than seventeen feet, and provides more than three thousand entries of its gods and mythological characters, full-color artwork photos, short biographies of prominent historical figures, detailed maps, and a star chart. 60,000 first printing.

A collection of Greek myths. *Mythos* is a modern collection of Greek myths, stylishly retold by legendary writer, actor, and comedian Stephen Fry. Fry transforms the adventures of Zeus and the Olympians into emotionally resonant and deeply funny stories, without losing any of their original wonder. This stunning book features classical artwork inspired by the myths, as well as learned notes from the author.

- Each adventure is infused with Fry's distinctive wit, voice, and writing style
- Connoisseurs of the Greek myths will appreciate this fresh-yet-reverential interpretation, while newcomers will feel welcome
-

Retellings brim with humor and emotion and offer rich cultural context Celebrating the thrills, grandeur, and unabashed fun of the Greek myths, *Mythos* breathes life into ancient tales—from Pandora's box to Prometheus's fire. This gorgeous volume invites you to explore a captivating world with the brilliant storyteller Stephen Fry as your guide.

- A collectible volume complete with a textured case, a foil-stamped jacket, and full-color art throughout
- The perfect gift for Greek mythology and history buffs, lovers of ancient Greece, art aficionados, and devoted fans of Stephen Fry
- Add it to the shelf with books like *Circe* by Madeline Miller, *Norse Mythology* by Neil Gaiman, and *Mythology: Timeless Tales of Gods and Heroes* by Edith Hamilton

The second volume of this spellbinding anthology features more gripping tales from Greek mythology, retold in a manner that will engage very young readers and instil in them a love for storytelling. Four different illustrators bring their distinctive styles to the myths. Includes the following 7 stories: Jason and the Golden Fleece, Perseus and the Gorgon's Head, Theseus and the Minotaur, Daedalus and Icarus, The Wooden Horse, The Wanderings of Odysseus, Odysseus Comes Home

Adventures, calamities, and conquests abound in stirring tales about Pandora's box, King Midas and his golden touch, the dreaded Cyclops, Narcissus and Echo, and many other familiar figures. A retelling of some classic Greek myths for younger readers. This collection contains more than 30 enthralling new retellings of favorite myths as well as some you might not have heard before!

Including Theseus and the Minotaur, The Twelve Labors of Heracles, and the escapades of Jason and the Argonauts, each myth is told in engaging modern language, which is

easy for children to understand yet still retains the humor and intrigue of the original tales. Stunning illustrations by multi-award winning artist Katie Ponder breathe new life into each classic story. Additional feature pages delve deeper into the mythical world, providing profiles of the gods. The reference section provides key background information, such as Ancient Greek storytelling and the incredible beasts of the myths, and a pronunciation guide. Greek Myths is the perfect gift, featuring foil on the cover and beautiful illustrations throughout. Children will love exploring the tales by themselves or as bedtime stories. It will be treasured forever. The gods, heroes, and monsters of Greek mythology come wondrously alive in this second volume of Bernard Evslin's award-winning series. Book two of Bernard Evslin's extraordinary work opens with the story of Hercules, the strongest man on Earth. Son of a mortal woman and Zeus, feared and hated by Zeus's wife, Hera, Hercules is condemned to twelve labors in which he must fight the world's most terrifying monsters. It seems that the world's mightiest hero may have met his match against the Hydra, a beast with one hundred heads that spew lethal poison. Other tales feature Atlas, the Titan condemned to bear the world on his shoulders; the hideous gorgon Medusa, who turns men to stone; the half-man, half-bull Minotaur; the Sphinx; and many more. Greek myths come to thrilling life in these timeless stories of love and revenge, sorcery and enchantment, in which gods and demigods, mortals, fiends, and demons battle between good and evil. It is a world where bushes become bears, the four winds go to war, and the Nemean Lion and giant crab Cancer strike terror into the hearts of all. The Reaching Olympus series uses classroom-tested Reader's

Theater plays specifically designed for 6th-12th grade students to retell the great myths and legends of world mythology. Reader's Theater is an innovative and powerful teaching tool that allows students to break away from silent reading and share in an "acting-out" experience where words and myth come to life! Volume II of the Greek Myths in the Reaching Olympus series features eleven classic myths in interactive-script form, featuring the major events of the Trojan War (including the Iliad and Odyssey). Each play is prefaced by a teacher guide providing a synopsis of the myth, relevant background information and commentary on the myth, anticipatory questions for pre-play discussion, essential questions to help analyze the "big ideas" behind each myth, recall questions to check reading comprehension, and instructions for teaching commonly-tested terms and literary devices using each play. Supplemental materials include a Trojan War game, a Trojan War Find-It puzzle, a glossary of important characters, and a name pronunciation guide. Zachary Hamby is a professional author and illustrator and an experienced educator. He has spoken at many educational conferences (including the National Council of Teachers of English Convention) on the many benefits of using Reader's Theater in the secondary classroom. He is the author of two series that teach mythology to young people, the Reaching Olympus series and the Mythology for Teens series. He currently teaches high school in the Ozark mountains, where he lives with his wife and two children.
