The Inheritors Jan 19 2023 Hunt, trek, and feast among Neanderthals in this stunning vision of prehistory on the cusp of a new age, from the radical Nobel Laureate and author of *Lord of the Flies*, William Golding. This was a different voice; not the voice of the people. It was the voice of other. When spring comes, the people leave their winter cave, foraging for honey and shoots, bulbs and grubs, the hot richness of a deer's brain. They awaken the fire to heat their naked bodies, lay down their thorn bushes, and share pictures in their minds. But strange things are happening - inexplicable scents, sounds, and violence - and, suddenly, unimaginable creatures are half-glimpsed in the forest; an upright new people of bone-faces and deerskins. What the early people don't know is that their season is already over ...

The Inheritors Feb 20 2023 A small tribe of Neanderthals find themselves at odds with a tribe comprised of homo sapiens, whose superior intelligence and agility threatens their doom.

Prehistoric Islanders. Community Life, Nature and Religion in William Golding's 'The Inheritors' Apr 17 2020 Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 2,0 (B), <http://www.uni-jena.de/> (Institute for Anglistics/American Studies), 13 entries in the bibliography, language: English, abstract: William Gerald Golding was born at St Columb, Cornwall, on 19 September 1911. He died on 19 June 1993 in Truro, Cornwall. Golding became a Fellow of the Royal Society of Literature in 1955 and was awarded the CBE in 1966. In 1980 he received the Booker Prize and in 1983 Golding was awarded the Nobel Prize for Literature. His multiple interests were to a considerable degree present in his writing. His fascination for archaeology is reflected i n *The Inheritors* 1 (1955) that Golding referred to as his own favorite among his novels. While digging as an amateur archaeologist, he discovered the remains of an old woman. He expressed his sensations when the skeleton was covered again with earth: “There is a sense in which I share the guilt buried beneath the runway, a sense in which my imagination has locked me to them. I share in what was at the least a callous act - in what at the worst may very well have been prehistoric murder.” Evolution and religion, two of the themes, which reappear throughout Golding’s writing, are addressed in *The Inheritors*. The most fundamental contribution to the evolutionary insight that man developed from animal, ape- like ancestors in the dim and distant past made Charles Darwin. His theory placed man at the top of evolution. Evolution became a synonym for progress. This new era of thinking influenced writers and provoked a strong reaction. One important example is *The Outline of History* by H.G. Wells, a rational supporter of the Darwinian theory. Deliberately prefixed to *The Inheritors* is the epigraph from *The Outline of History*. So the reader enters the novel with this passage in mind. ... We know very little of the appearance of the Neanderthal man, but this ... seems an extreme hairiness, an ugliness, or a repulsive strangeness in his appearance over and above his low forehead, his beetle brows, his ape neck, and his inferior stature. ... Says Sir Harry Johnston, in a survey of the rise of modern man in his *Views and Reviews*: ‘The dim racial remembrance of such gorilla-like monsters, with cunning brains, shambling gait, hairy bodies, strong teeth, and possibly cannibalistic tendencies, may be the germ of the ogre in folklore. ...’ (7) It served as the initial stimulus for Golding’s work about the clash of two different species - the Neanderthal man and the Cro-Magnon man. The book turned up with high frequency on the lists of *The World’s Ten Most Important Books* or *The Ten Most Important Books in My Life*. [...]

Lord of the Flies Sep 22 2020 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

The Spire Apr 10 2022 Succumb to one churchman's apocalyptic vision in this prophetic tale by the radical Nobel Laureate and author of *Lord of the Flies*, William Golding (recorded by Benedict Cumberbatch as an audiobook). There were three sorts of people. Those who ran, those who stayed, and those who were built in. Dean Jocelin has a vision: that God has chosen him to erect a great spire. His master builder fearfully advises against it, for the old cathedral was miraculously built without foundations. But Jocelin is obsessed with fashioning his prayer in stone. As his halo of hair grows wilder and his dark angel darker, the spire rises octagon upon octagon, pinnacle by pinnacle, watched over by the gargoyles - until the stone pillars shriek, the earth beneath creeps, and the spire's shadow falls like an axe on the medieval world below ... 'Astounding ... So recklessly beautiful, so sad and so strange ... Holds such a place in my soul that it's more or less a sacred text.' Sarah Perry 'A kind of miracle ... Genius.' Guardian 'Quite simply, a marvel.' NYRB 'Superb ... A classic.' Rebecca West 'A master fabulist .. An iconoclast.' John Fowles 'A visionary ... His masterwork [of] faith, folly and desperate desire ... Golding at his best.' Benjamin Myers

The Mermaid of Black Conch Nov 05 2021 WINNER OF THE COSTA BOOK OF THE YEAR AWARD • This enchanting tale of a cursed mythical creature and the lonely fisherman who falls in love with her is "a daring, mesmerizing novel ... single-handedly bringing magic realism up-to-date (Maggie O’Farrell, best-selling author of *Hamnet*). In 1976, David is fishing off the island of Black Conch when he comes upon a creature he doesn’t expect: a mermaid by the name of Aycayia. Once a beautiful young woman, she was cursed by jealous wives to live in this form for the rest of her days. But after the mermaid is caught by American tourists, David rescues and hides her away in his home, finding that, once out of the water, she begins to transform back into a woman. Now David must work to win Aycayia's trust while she relearns what it is to be human, navigating not only her new body but also her relationship with others on the island—a difficult task after centuries of loneliness. As David and Aycayia grow to love each other, they juggle both the joys and the dangers of life on shore. But a lingering question remains: Will the former mermaid be able to escape her curse? Taking on many points of view, this mythical adventure tells the story of one woman’s return to land, her healing, and her survival.

The Ironic Art of William Golding's The Inheritors Dec 26 2020

Before Humanity Jul 01 2021 The current crisis in thinking the “human” raises questions not only about who or what may come after the human, but also about what happened before. What dark secrets lie in our ancestral past that may be stopping us from becoming human “otherwise”?

The Novels of William Golding Mar 09 2022 Although the novels by William Golding have often attained a remarkable popular success and been generally esteemed by critics, Mr. Babb's book is the first to examine the forms and meanings in all of Golding's fiction up through *The Pyramid*. In Mr. Babb's judgment, these novels represent a major achievement in contemporary literature, and he defines the achievement through analyzing the thematic developments from book to book as well as the narrative structures, techniques, and styles realized within the separate novels. Of special interest is the attention paid to the endings of Golding's works, for his conclusions have often been regarded as the unfortunate fractures in the illusion created through the rest of the novel. Mr. Babb defends them, however, as integral parts of the fictional structure, as devices by which Golding brings his themes home to the reader. All of Golding's novels, Mr. Babb finds, are devoted to exploring the true nature of man's existence, what it means to be human. Each of his works attest to the superb honesty of a fiercely intelligent and compelling storyteller who refuses ever to represent his characters as transcending the limitations of the human condition. Howard S. Babb, author of *Jane Austen's Novels: The Fabric of Dialogue*, is the chairman of the Department of English and Comparative Literature at the University of California, Irvine.

The Language and Literature Reader Mar 17 2020 The Language and Literature Reader is an invaluable resource for students of English literature, language, and linguistics. Bringing together the most significant work in the field with integrated editorial material, this Reader is a structured and accessible tool for the student and scholar. Divided into three sections, Foundations, Developments and New Directions, the Reader provides an overview of the discipline from the early stages in the 1960s and 70s, through the new theories and practices of the 1980s and 90s, to the most recent and contemporary work in the field. Each article contains a brief introduction by the editors situating it in the context of developing work in the discipline and glossing it in terms of the section and of the book as a whole. The final section concludes with a ‘history and manifesto’, written by the editors, which places developments in the area of stylistics within a brief history of the field and offers a polemical perspective on the future of a growing and influential discipline.

Finn Fancy Necromancy Jan 27 2021 Writers of the Future grand prize winner Randy Henderson presents a dark and quirky debut in *Finn Fancy Necromancy*, his tale of the magical and dangerous Arcane world that exists alongside our own. Finn Gramaraye was framed for the crime of dark necromancy at the age of fifteen, when the surviving victim of a dark ritual was found in his bedroom. Convicted and exiled to the Other Realm for twenty-five years—twenty-five years as a disembodied soul, tormented by the Others—Finn is now being set free. But his return is met by a magical attack on his escorts, and he finds the body of the woman he was accused of attacking all those years before, freshly murdered with necromancy—the perfect frame job. Finn has only a few days to discover who is so desperate to keep him out of the mortal world, and find enough evidence to prove it to Arcane Enforcers who already view him as a criminal. Unfortunately, his family is little help. Father has become a mad magical inventor. Brother Mort fears that Finn wants to take over the family business. Sister Samantha is now a jaded hacker allergic to magic. And simple but sweet brother Pete still believes he's a werewolf because of a childhood dog bite. Finn is joined by Zeke, a former Arcane Enforcer and fellow exile seeking to prove himself worthy of returning to duty—even if that means proving Finn guilty. Together, they will battle magical creatures, family drama, and the challenges of Finn's love life as they race to solve the mystery of who wants Finn returned to exile, and why. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Pyramid Sep 03 2021 Follow young Oliver's rebellious coming-of-age in the village of Stillbourne in this comic novel by the radical Nobel Laureate and author of *Lord of the Flies*. Eighteen is a good time for suffering Welcome to the country town of Stillbourne. Restless teenage resident Oliver wants to enjoy himself before going to university, beginning with his pursuit of the Town Crier's daughter. But in this claustrophobic community - stifled by the English class system, and where everybody knows everyone's business - love, lust and rebellion are closely followed by revenge and embarrassment . . . 'Golding depicts with subtle skill all the pains of growing up and growing old. He treats us to some superb comic episodes.' Daily Telegraph 'Golding's most approachable novel and a curiously personal one, that returns to the mind again and again as if the shames and idylls were one's own.' Guardian 'Neatly drawn, funny and touching . . . The snap, the tang, and the tension in Golding's prose is always a pleasure.' Harper's

Darkness Visible Jun 12 2022 Hideously scarred and orphaned during the bombing of London, Matty sees himself as set apart from others, and his wanderings bring him into contact with Mr. Pedigree, a respected teacher and obsessed pederast, and Sophy and Toni, angelic-looking terrorist twins.

Free Fall Nov 17 2022 Sammy Mountjoy, artist, rises from poverty and an obscure birth to see his pictures hung in the Tate Gallery. Swept into World War Two, he is taken as a prisoner-of-war, threatened with torture, then locked in a cell of total darkness to wait. He emerges from his cell transfigured from his ordeal, and begins to realise what man can be and what he has gradually made of himself through his own choices. But did those accumulated choices also begin to deprive him of his free will.

The Scorpion God Jul 13 2022 Lose yourself in ancient civilizations in these three historical novellas by the radical Nobel Laureate and author of *Lord of the Flies*. Even when he leapt from the parapet he talked. Ancient Egypt. The Prince is set to marry Pretty Flower, his sister, in the Great House's incestuous society. But the Liar speaks a truth that transforms everything . A primitive matriarchal society. While mothers raise children in the bucolic Place of Women, Chimp is tormented by the Leopard Men in their brutal hunts, until he gains new wisdom . Imperial Rome. In an era of invention and exploration, the emperor realises he loves his illegitimate grandson more than his own loutish heir . 'Communicates visionary ideas about the present and his imaginative understanding of our collective pasts.' Bettany Hughes 'Golding writes the past as present [with] uncanny skill and tremendous intuition.' Ben Okri 'Brilliant . So fluent and stylish that the stories read themselves like a dream.' Daily Telegraph 'Ingenious ... Perhaps the ambition of these books seems to put them a bit over the top, a bit out of their time.' London Review of Books

The Concept of Evil in William Golding Jan 15 2020 Seminar paper from the year 2005 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Paderborn (Anglistik), 17 entries in the bibliography, language: English, abstract: As the motif of evil is the central theme in William Golding's work, I will consider in my term paper his definition of evil and its realization in his first two novels *Lord of the Flies*(1954) and *The Inheritors*(1955). How did he understand this complex but central motif of human life and religion? Is there a general position towards evil that can be recognized in his work? Did he consider human beings as generally evil or generally good? - Thinking about the idea of "evil", many questions arise. Trying to answer some of them, I will concentrate mainly on the book we talk about in class, *The Inheritors*, his second and - as he himself said - favourite novel. In summary, *The Inheritors* deals with evolution and the development of human beings. On the example of a Neanderthal group, Golding depicts the conflict between the Neanderthals and the "New Men"2, homo sapiens, which finally ends in the death of the Neanderthals and the victory of the superior homo sapiens. But are homo sapiens really superior to the Neanderthals? What is Golding's position? In a further step, I will examine Golding's first and most famous novel, *Lord of the Flies*(1954), for the idea of evil. Is the attitude he gives in *The Inheritors* the same as in *Lord of the Flies*? Or did his view change after the first novel? As a summary, I would like to give a final conclusion of Golding's understanding of his central motif "evil" and consider perspectives for further examinations.

William Golding Aug 02 2021 In *William Golding: Some Critical Considerations*, fourteen scholars assess various aspects of the Nobel Prize-winning author's writings. Their essays include criticism of individual works, discussion of major themes and technical considerations, and bibliographical studies. Separately, the essays help us understand the intricacies and impact of Golding's art; together they show the breadth of his purpose.

The Paper Men Jan 07 2022 Join an eccentric novelist on the run from his obsessive would-be biographer in this comic farce by the radical Nobel Laureate and author of *Lord of the Flies*. Why should I conceal the fact that I had found a full professor of Eng. Lit. rifling my dustbin? Fame, fortune, alcoholism, a failing marriage: for novelist Wilfred Barclay, his final unbearable irritation is his would-be-biographer, the young academic Professor Rick L. Tucker, who is determined to become The Barclay Man. Locked in a lethal relationship, the two men stumble across Europe, shedding wives, self-respect and identities in a game of literary cat and mouse - and the climax of their odyssey, when it comes, is as inevitable as it is unexpected . . . 'A complex literary comedy from an extraordinarily powerful writer, which holds us right through to the end.' Malcolm Bradbury 'Rich as a compost heap . . . It moves you and at times it can shake you.' Melvyn Bragg '[Golding's] splendid comic gift is used to often hilarious effect, running the whole gamut of comedy, from irony to farce . . . Hugely enjoyable.' Daily Telegraph

Music, Mind and Education May 19 2020 Keith Swanwick explores the psychological and sociological dimensions of musical experience and the implications of these for children's development and music education in schools and colleges. Music is seen, with the other arts, as contributing to the growth of mind, with deep psychological roots in play. Swanwick examines the ways in which children make their own music, and confirms that there is an observable sequence of development. His insights into musical experience help to draw together and interpret fragmented psychological work that has been done in the field and make it possible to plan music education in schools, colleges and studios in a more purposeful way. His analysis of the nature of musical experience and music education has consequences both for curriculum development and the assessment of students' work, with special reference given to the National Curriculum and GCSE.

The Double Tongue Aug 14 2022 With an introduction by Meg Rosoff William Golding's final novel, left in draft at his death, tells the story of a priestess of Apollo. Arieka is one of the last to prophesy at Delphi, in the shadowy years when the Romans were securing their grip on the tribes and cities of Greece. The plain, unloved daughter of a local grandee, she is rescued from the contempt and neglect of her family by her Delphic role. Her ambiguous attitude to the god and her belief in him seem to move in parallel with the decline of the god himself - but things are more complicated than they appear. 'A remarkable work ... A compelling storyteller as well as a clear-eyed philosopher of the dangerous puzzles of being human.' The Times 'A wonderful central character. The story stretches out as clean and dry and clear as the beach in *Lord of the Flies*.' Independent 'Feline, deadpan and at moments hilarious.' Observer

King Hereafter Apr 29 2021 Back in print by popular demand--"A stunning revelation of the historical Macbeth, harsh and brutal and eloquent." --Washington Post Book World. With the same meticulous scholarship and narrative legerdemain she brought to her hugely popular *Lymond Chronicles*, our foremost historical novelist travels further into the past. In *King Hereafter*, Dorothy Dunnett's stage is the wild, half-pagan country of eleventh-century Scotland. Her hero is an ungainly young earl with a lowering brow and a taste for intrigue. He calls himself Thorfinn but his Christian name is Macbeth. Dunnett depicts Macbeth's transformation from an angry boy who refuses to accept his meager share of the Orkney Islands to a suavely accomplished warrior who seizes an empire with the help of a wife as shrewd and valiant as himself. She creates characters who are at once wholly creatures of another time yet always recognizable--and she does so with such realism and immediacy that she once more elevates historical fiction into high art.

The Children of Lovers Mar 29 2021 'The Children of Lovers are Orphans.' Proverb Bestselling novelist, author of *Lord of the Flies*, William Golding was a famously acute observer of children. What was it like to be his daughter? In this frank and engaging family memoir, Judy Golding recalls growing up with a brilliant, loving, sometimes difficult parent. The years of her childhood and adolescence saw her father change from an impecunious schoolteacher to a famous novelist. Once adult, she came to understand some of the internal conflicts which led to his writing. The Golding family life, both ordinary and extraordinary, always kept its characteristic warmth, humour, complexity, anger and love, danger and insecurity. This is a book about family and parents, about lovers and their children, and about our impact on one another - for good or ill.

Every Leaf a Hallelujah Dec 06 2021 The Guardian: Best Children's and YA Book of the Year An environmental fairytale that speaks eloquently to the most pressing issues of our times, from the Booker Prize-winning author of *The Famished Road*. Mangoshi lives with her mom and dad in a village near the forest. When her mom becomes ill, Mangoshi knows only one thing can help her—a special flower that grows deep in the forest. The little girl needs all her courage when she sets out alone to find and bring back the flower, and all her kindness to overpower the dangers she encounters on the quest. Ben Okri brings the power of his mystic vision to a timely story that weaves together wonder, adventure, and environmentalism.

THE GRISLY FOLK Oct 12 2019 This eBook edition of "THE GRISLY FOLK" has been formatted to the highest digital standards and adjusted for readability on all devices. Herbert George "H. G." Wells (1866 – 1946) was an English writer, now best known for his work in the science fiction genre. He was also a prolific writer in many other genres, including contemporary novels, history, politics and social commentary, even writing textbooks and rules for war games. Wells is one person sometimes called "The Father of Science Fiction", as are Jules Verne and Hugo Gernsback.

William Golding Sep 15 2022 In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become *Lord of the Flies*, a book that would sell in the millions and bring Golding worldwide recognition. Golding went on to become one of the most popular and influential British authors to have emerged since World War II. He received the Booker Prize for the novel *Rites of Passage* in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the *Castle Rock* in *Lord of the Flies* continues to inspire him, so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels *Hearts in Atlantis* and *Cujo*. Golding has been called a British *Vonnegut*—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding's family, Carey uses hundreds of letters, unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.

Language and Style in The Inheritors Feb 08 2022 *Language and Style in The Inheritors*; links the linguistic characteristics of the language of William Golding's underappreciated second novel with larger stylistic and thematic issues to achieve a satisfying and persuasive interpretation while also demonstrating the usefulness and effectiveness (and some of the limitations) of linguistic and computer-assisted approaches, without being overwhelmingly theoretical or technical. This analysis uses comparative data from a corpus of more than thirty British and American novels to compare and contrast with the contents of *The Inheritors*. It begins with a discussion of point of view, style, and interpretation and moves into an examination of *The Inheritors* in regard to other works that focus on it. The author then provides a discussion of Golding's manipulation of transitivity to produce the animistic character of the novel, and a statistical analysis of its readability, sentence complexity, and vocabulary complexity, followed by an analysis of diction. He concludes with an integration of the linguistic discoveries with important thematic issues, and a consideration of altered versions of *The Inheritors*.

Australia, stilled in an ocean wilderness of heat and sea mists. In this surreal, fête-like atmosphere, a ball is held with a passing ship: the passengers dance and flirt, while beneath them seaweed like green hair spreads ominously over the hull. Half-mad with fear, drink, love and opium, both vessel and passengers feel themselves going to pieces: and the very planks seem to twist themselves alive as the ship comes apart at the seams . . . 'No living writer has represented the fragility of man's experience so marvellously as Golding.' AS Byatt 'It is in Golding's magnificent, therapeutic, terrifying descriptions of seascapes that the deepest meanings can be found.' Kate Mosse 'Stunning . . . As exciting as any thriller.' Sunday Times 'A feat of imaginative reconstruction, as vivid as a dream.' Daily Mail 'Tells an utterly absorbing tale, in language of immense force and subtlety.'
