Spray Polyurethane Foam in External Envelopes of Buildings Jul 02 2021 *Spray Polyurethane Foams in External Envelopes of Buildings* presents, for the first time, a book focused on both the theoretical and practical design and applications of spray polyurethane foam (SPF) use. To review the moisture performance of SPF, this book focuses on the design of an assembly where moisture is kept from accumulating and causing deterioration (flow through approach). In this approach, Spray Polyurethane Foam presents two unique parts of theory and practice of various SPF products. FROM THE PREFACE Part 1 of this monograph analyzes SPF performance as the material (product). Being field fabricated, installation of SPF products must include a quality assurance program . . . Laboratory evaluation of foams and their coverings, quality management issues, and quantification of the technical support provided to the SPF contractor are also reviewed. Part 2 presents a systems approach to construction. Starting with principles of environmental control of buildings, different aspects of design and performance of roofing and wall systems are reviewed. Details and design recommendations . . . as well as case studies . . . are included.

Soul Legacy Oct 13 2019 A civilization destroyed by magic. Those who remain are on the brink of extinction. Thane is a Dweller, one of the last of his kind. He's lived for a thousand years and this is the first time that his goddess has sent him to assassinate a fellow deity—a testament of how close they really are to the end. His failure is inevitable, but death is only the beginning of his biggest adventure yet. Thane is reborn into a new life, as is the way of the Dweller. When he finds himself in enemy territory he has no choice but to bind himself to a human soul. In doing so, he learns there is an ancient and powerful magic that even the gods fear. The Void is coming and it will devour everything—the gods, the realms, even magic itself. If it can be harnessed, those he has come to love will never live in fear again. *Soul Legacy* is a standalone 120,000-word romantic epic fantasy novel featuring Thane, his soulmate Gwen, and their daughter Astrid. This is a reprint of the duology “Soul Bound” and “Soul Child.” Content includes mild violence, language, and high fantasy concepts.

A User's Guide to Measure Theoretic Probability Oct 17 2022 This book grew from a one-semester course offered for many years to a mixed audience of graduate and undergraduate students who have not had the luxury of taking a course in measure theory. The core of the book covers the basic topics of independence, conditioning, martingales, convergence in distribution, and Fourier transforms. In addition there are numerous sections treating topics traditionally thought of as more advanced, such as coupling and the KMT strong approximation, option pricing via the equivalent martingale measure, and the isoperimetric inequality for Gaussian processes. The book is not just a presentation of mathematical theory, but is also a discussion of why that theory takes its current form. It will be a secure starting point for anyone who needs to invoke rigorous probabilistic arguments and understand what they mean.

The Oxford Handbook of Intellectual Disability and Development

Feb 26 2021 Though the tremendous amount of recently-emerged developmentally-oriented research has produced much progress in understanding the personality, social, and emotional characteristics of persons with intellectual disabilities (ID), there is still much we don't know, and the vast task of precisely charting functioning in all these areas, while also identifying the associated fine-tuned, complex, and intertwined questions that crop up along the way, seems daunting and insurmountable. The goal of *The Oxford Handbook of Intellectual Disability and Development* is to update the field with new, precise research and sophisticated theory regarding individuals with ID provided by seasoned developmental theorists who have made original conceptual contributions to the field. This volume is divided into five general sections (ID and its connection to genetics, relationships, cognitive development, socio-emotional development, and development of language), with each focused on a domain of functioning or aspect of life that is inherent to an integrated, transactional perspective of development. While developmental approaches to understanding persons with intellectual disability will continue to emerge, this comprehensive volume is a must-read for specialists and developmental psychologists who must have the conceptual foundations for examining the developmental trajectories across persons with any of the many different ID etiologies.

Shadows Jan 16 2020 Take a trip back in history.. to a small farm in Michigan... and meet Emma Fern Wells. Emma lives a peaceful life. Her days are filled with caring for her Da and two brothers. She has no time to socialize. At 18, most of her friends are already married. Emma has accepted that she has little chance of being courted with her heavy workload. And, even though, she feels content with caring for her loving family, Emma is lonely. But the day a young man rescues Emma from a

scoundrel in town, everything changes. Soon her life is filled with laughter, joy -- and worry. When Emmas family notices these changes in her, it brings forth troubles of their own. As Emma struggles to follow Gods will, she comes to realize that God does not simply guide us by events along our path... ..sometimes you are guided by the shadows...
Night Calls the Raven Mar 30 2021 Waking in a Tjal-Dihn camp, Thane is unable to remember who he is or where he has been. Desperate to feel connected and with nowhere else to go, he asks to participate in the Tjal adoption ceremony that, if successfully completed, will assure him an honorable place in Tjal society. What he doesn't realize is that to fail is to forfeit his life. Dor struggles to understand his growing feelings for Tam as he helplessly watches her dranlok addiction consume her, threatening to take her away as it drains her will to live. Jack fights to convince the HuMans they are in danger of extinction but is disregarded by an inept king's apathy toward his own people. Meanwhile, Bedler's numbers continue to swell in anticipation of the coming massacre that will surely catch the HuMans, and the rest of the free races, in its wake of complete annihilation. With hope swiftly fading, all life hangs on the ability of a handful of soldiers to hold back the deadly tide while the sun quickly sets on a doomed world as night calls the raven.
